

JW San Antonio ELF HUNT

Take a Selfie in front of each Elf and show the front desk all 8 photos to claim your tasty prize!

1. Find this elf where beautiful flowers grow, but do not look outside or at the ground below.
2. Normally you find mermaids near the water, but this one "hangs" out at the resort and is the favorite morning stop for many adults.
3. Underneath the Moon, you will find a larger than life plant.
4. This Elf does not need to go outside to swing from tree branches.
5. Everything really is bigger in Texas. Grab the family and watch your favorite team on the biggest screens.
6. Have a seat in front of the sign that brings you Peace & Zen.
7. It may not be Niagara Falls, but this Elf enjoys the sights and sounds of the running water.
8. Elves do not need a library card to check out these books from the JW.
